work incidents in North Dakota. We also receive 2 reports from our local fire departments. North Dakota State Firemen's Association, Fire Chief's Association and Fire Protection Bureau all support legislation to control the sale of fireworks except for public display.

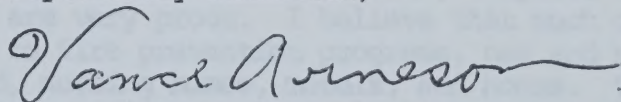

Since our last biennial report many of our State Institutions have updated their fire insurance policies according to our recommendations and very

To the Honorable William L. Guy
Governor of North Dakota
Bismarck, North Dakota

Sir:

In compliance with the laws of this state, I herewith submit the Fifty-Fourth Report of the State Fire Marshal's Office, covering the period beginning July 1, 1970 and ending June 30, 1972.

Respectfully submitted,

Vance Arneson
State Fire Marshal

Bismarck, North Dakota
June 30, 1972

FOREWORD

This is the fourth biennial (Fifty-Fourth) report of the State Fire Marshal's office. Since the last biennium we have issued 23 wholesale fireworks licenses and have collected \$5,750.00, which is turned over to the State General Fund. During the past biennium we have made it without serious fireworks incidents in North Dakota. We still believe fireworks should be outlawed in North Dakota. North Dakota State Firemen's Association, Fire Chief's Association and Fire Prevention Bureau all support legislation to outlaw the sale of fireworks except for public display.

Since our last biennial report many of our State Institutions have updated their fire insurance programs according to our recommendations and many fire alarm and fire protection systems have been added.

All inspections required by statute for hospitals, nursing homes, boarding care homes, foster and child care homes, and jails have been made, including the review of plans and specifications for new construction and remodeling of schools, hospitals, nursing homes, and miscellaneous building. We have reviewed a total of 130 plans, up from 106 last biennium.

The incidence of fraud fires is down due to less riots and civil commotion and general economic conditions in the last two years.

Since our last biennium we have had 26 deaths due to fire, compared to 36 deaths last biennium, for which we are very proud. I believe that much of the credit for this can be attributed to fire prevention programs, new and modern schools, hospitals, homes for the aged, nursing homes, motels, and homes. The State Fire Marshal's office and the fire service people would like to see the National Fire Protection Association's, Life Safety Code no. 101, adopted for public buildings.

The personnel of the State Fire Marshal's office are constantly going to school and teaching classes on fire investigations and we give thanks to the Governor for granting out-of-state travel to this office.

The greatest need in this department at this time is money for fire prevention material and at least temporary help during the summer months when we have additional reports and work, such as, paying the fire chiefs, and to help when our employees are on vacation.

At this time we would like to thank all organizations for their active cooperation with the State Fire Marshal's office during the past biennium, especially the North Dakota Firemen's Association, the North Dakota Peace Officer's Association, the State Electrical Board, the Bureau of Criminal Identification, the North Dakota Board of Architects, local sheriffs and police officers for aid in fire prevention and education and in enforcing the fire laws in the investigation of the crime of arson. Special thanks to the North Dakota State Laboratories Department for its excellent work, both in the flammable liquids and the fabric identification field with reference to investigations conducted by this office.

OFFICE OF THE
STATE FIRE MARSHAL
OF NORTH DAKOTA
